

SIP Call Control : Transfer

Robert.Sparks@wcom.com

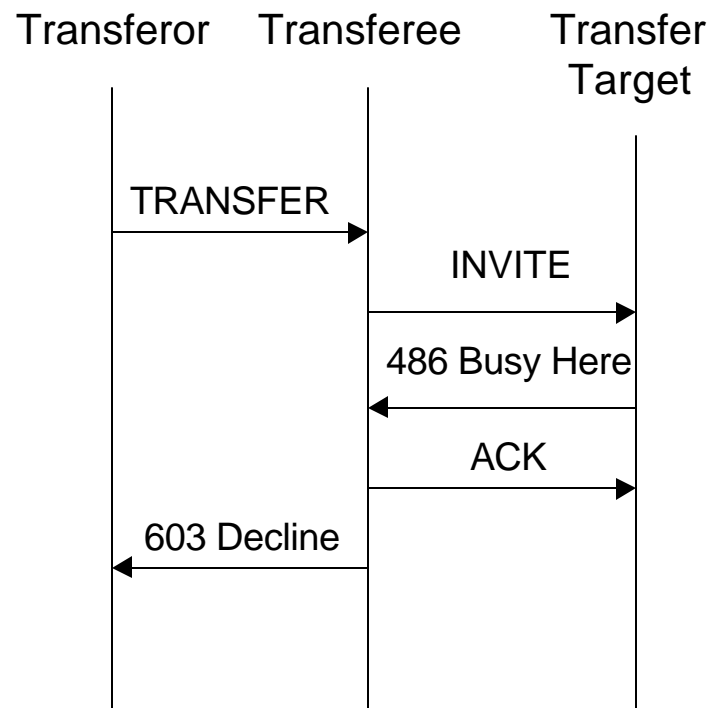

TRANSFER

- New Method
- Does not alter the original session
 - Decoupled from media handling
 - Does not terminate the session
- Provides knowledge of successful transfers
- Facilitates recovery of failed transfers

Succeeds

Fails

Issues / Future Work

- Rename method? PLEASE-INVITE?
- Allow bodies?
- Add knowing that an INVITE was due to a TRANSFER?
- Add mechanism to prove identity of Transferor?
- Guidelines compliance
 - Remove Requires header - Probe instead
 - Add short form for Transfer-To header
