Sarvi,

Can you suggest some proper audio types for this?  We punted on this for
VoiceXML, permitting audio/x-wav as a type, for example.  I suspect we
couldn't get away with that in this draft.

```
Will fix this. Added to issue tracker.

thanks,
Sarvi

Subject: [Speechsc] Uncorrect RECORD examples

Hi,

in draft 09, 10.4.8 says that Media Type is mandatory in a RECORD method but the
examples in 10.6 (RECORD), 10.7 (STOP), and 10.8 (RECORD-COMPLETE) don't include
this header.

Regards,
Patrizio Bergallo, Loquendo.
